Bottomfeeder By B. H. Fingerman

In this debut novel by B. H. Fingerman, you will find a comical and creepy foray into the life of a working-class vampire. A man can go missing in New York City. A life can disappear. Teeth can sharpen, skin go pale, eyes reject the sun. One day, you're human. The next, you're a vampire, with an undying taste for blood. Set in the New York of prostitutes, junkies and lonely hearts, Bottomfeeder tells the story of Philip, a smart-ass in a dead-end job, whose life takes an unusual turn after he tangles with a vampire. Now, spurred by a bloodlust stronger than his humanity, he haunts the abandoned streets alone, trying to maintain a semblance of normalcy while looking for prey.

Editorial Review

From [Booklist](#)

Starred Review Phil Merman hasn't looked a day over 27 for 27 years now, ever since somebody mugged him on a subway platform, after which he found he couldn't eat, or go out in the sun without catching fire. He's a vampire, though one whose conscience compels him to feed solely on society's dregs. The only friend he has is pathetic old college pal Shelley, who's never been the same since his family perished in a mysterious fire long before Phil's mugging. He'd drop Shelley, whose aging irksomely reminds Phil of his own despised perpetual youth, but the wraithlike man positively haunts him. Then while at a bar with Shelley, Phil meets another vampire who introduces him to more, including a circle prone to orgies. Phil almost overcomes his scruples as his new friend leads him into some harrowing adventures. Finally, he starts wondering, Why now, after 27 lonely years? The answer packs a punch that cracks the novel's exhilarating tough-guy facade. Previously a graphic novelist, Fingerman writes in a punchy, up-to-the-minute urban vernacular that, while it brims with abusive humor, squelches romanticism, provokes other-than-sexual interpretations of vampirism, and helps propel *Bottomfeeder* to the front ranks of its genre. *Ray Olson*
