It's DDx To Go! The unique format of the *Dermatology DDX Deck* gives you a completely portable, uniquely convenient diagnostic tool to compare **potential diagnoses visually, side by side**, without the need to flip back and forth between different pages. Each laminated card includes **full-color images and information about a particular diagnosis**, as well as cross references (DDx-refs) to other potential diagnoses. Bound at one corner and small enough to fit in a pocket, this is **the perfect reference for those on the front line of dermatological diagnosis!**

- **Gain reliable, practical, and efficient guidance** regarding the diagnoses and treatment of 160 of the most common dermatologic disorders, along with clinical tips presented by the experts.
- **Quickly access all the information you need** to make the most accurate diagnoses, educate patients in the exam room, or prepare for the board review exam.
- **Take an in-depth approach** to patients with skin of color, and **cover all the fundamentals** of acne, eczema, and psoriasis.

Editorial Review

Review

"DDxDeck will be perfect for a short flight, train ride or a quick study between patients in clinic!"--US Dermatologist Robert A. Silverman, M.D.

"This is a fun way to test your knowledge of basic dermatology. For novices, it is a nice introduction to many dermatologic diseases before tackling one of the myriad of intimidating textbooks on dermatology."- Patricia Wong, MD (Stanford University Medical Center) **Doody rating!**

About the Author

Thomas P. Habif, MD, Clinical Professor of Surgery (Dermatology Section), Geisel School of Medicine at Dartmouth, Hanover, NH, USA

Users Review

From reader reviews:

Paul Blecha:

Nowadays reading books be a little more than want or need but also work as a life style. This reading practice give you lot of advantages. The advantages you got of course the knowledge the actual information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of book you read, if you want get more knowledge just go with education and learning books but if you want experience happy read one with theme for entertaining for example comic or novel. Often the is kind of e-book which is giving the reader erratic experience.

Margaret Cardwell:

The publication with title has lot of information that you can learn it. You can get a lot of profit after read this book. This book exist new information the information that exist in this reserve represented the condition of the world at this point. That is important to yo7u to find out how the improvement of the world. This kind of book will bring you inside new era of the internationalization. You can read the e-book on your own smart phone, so you can read it anywhere you want.

Susan Padgett:

Do you have something that you want such as book? The book lovers usually prefer to pick book like comic, short story and the biggest one is novel. Now, why not attempting that give your entertainment preference will be satisfied by means of reading this book. Reading routine all over the world can be said as the method for people to know world much better then how they react towards the world. It can't be stated constantly that reading practice only for the geeky individual but for all of you who wants to end up being success

person. So , for all you who want to start studying as your good habit, you are able to pick become your current starter.

Camille Wolfe:

A lot of book has printed but it is different. You can get it by online on social media. You can choose the top book for you, science, witty, novel, or whatever simply by searching from it. It is identified as of book . You can include your knowledge by it. Without leaving the printed book, it might add your knowledge and make you happier to read. It is most critical that, you must aware about book. It can bring you from one destination for a other place.
