Routledge Handbook of Maritime Regulation and Enforcement From Routledge

With advances in technology and maritime transport, human use of the ocean now extends beyond the traditional activities of navigation and fishing. Emerging activities such as bioprospecting, deep seabed mineral and hydrocarbon exploration and exploitation, offshore renewable energy developments and marine scientific probes of deep sea areas challenge the applicability of maritime law and policy in new ways.

This handbook examines current regulatory and enforcement instruments and mechanisms for different sectors of maritime activity. Covering various jurisdictions, its specially commissioned chapters are authored by some of the world's foremost authorities on maritime law, and offer unique perspectives on maritime law, policy and practice.

This highly relevant collection is organised into four parts:

- International Law Considerations in Maritime Regulation and Enforcement
- Role of States and other International Actors in Maritime Regulation and Enforcement
- Regulation and Enforcement in Different Maritime Sectors
- Current Issues and Future Challenges

This comprehensive reference work will be of interest to scholars and students of maritime law, practitioners and non-lawyers interested in the regulation of offshore areas, as well as policy-makers.

Users Review

From reader reviews:

Tammy Pursell:

In this 21st century, people become competitive in every single way. By being competitive right now, people have to do something to make these individuals survive, being in the middle of often the crowded place and notice by surrounding. One thing that at times many people have underestimated the idea for a while is reading. That's why, by reading a publication your ability to survive rises then having chance to endure than other is high. To suit your needs who want to start reading the book, we give you this kind of Routledge Handbook of Maritime Regulation and Enforcement book as basic and daily reading reserve. Why, because this book is more than just a book.

Patty Shield:

Nowadays reading books is not just a want or need but also becomes a life style. This reading practice gives you a lot of advantages. Advantages you get of course the knowledge and the actual information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of book you read, if you want to have more knowledge just go with education books but if you want to have a happy read one along with theme for entertaining like comic or novel. The actual Routledge Handbook of Maritime Regulation and Enforcement is a kind of publication which is giving the reader an unstable experience.

Sharon Keller:

Routledge Handbook of Maritime Regulation and Enforcement can be one of your starter books that are a good idea. Many of us recommend that straight away because this book has good vocabulary that will increase your knowledge in vocabulary, easy to understand, a bit entertaining but delivering the information.

The author giving his/her effort to put every word into enjoyment arrangement in writing Routledge Handbook of Maritime Regulation and Enforcement although doesn't forget the main position, giving the reader the hottest as well as based confirm resource details that maybe you can be considered one of it. This great information could drawn you into new stage of crucial pondering.

Merlin Doyle:

This Routledge Handbook of Maritime Regulation and Enforcement is new way for you who has attention to look for some information because it relief your hunger associated with. Getting deeper you into it getting knowledge more you know or you who still having bit of digest in reading this Routledge Handbook of Maritime Regulation and Enforcement can be the light food for yourself because the information inside that book is easy to get by means of anyone. These books produce itself in the form that is reachable by anyone, yeah I mean in the e-book type. People who think that in reserve form make them feel sleepy even dizzy this book is the answer. So there is absolutely no in reading a reserve especially this one. You can find what you are looking for. It should be here for an individual. So , don't miss this! Just read this e-book style for your better life as well as knowledge.
