### **Editorial Review**

From the Back Cover

This long-awaited new edition presents the latest advances in the Roy Adaptation Model, one of the most widely accepted nursing theories, in the words of the theorist herself, Sister Callista Roy.

#### **Features**

- Maintains the essential concepts of the model while explaining new developments;
- Places new developments in the context of contemporary issues of health care delivery
- Expands and clarifies the theoretical basis of each adaptive model
- Provides separate chapters for each adaptive mode at the group level
- Expands applications to practice, using case studies, for each step of the nursing process

#### **New to this Edition**

This edition incorporates significant changes in both content and organization.

- Adaptive mode chapters are reorganized.
- Compensatory process and compromised process chapters include new content.
- Material on adaptive processes of groups is presented in a separate section.
- The nursing process within each chapter is based on the theoretical content of each adaptive mode.
- Further explanation of Roy's philosophical and scientific assumptions for the 21st century and the addition of cultural assumptions are new to this edition.

### **Users Review**

#### **From reader reviews:**

##### **Raymond Levine:**
