Airhead By Meg Cabot

Meg Cabot expands her huge fan base with this slightly darker, more mysterious novel - without losing any of her signature heart and humor.

EM WATTS IS GONE.

Emerson Watts didn't even want to go to the new SoHo Stark Megastore grand opening. But someone needed to look out for her sister, Frida, whose crush, British heartthrob Gabriel Luna, would be singing and signing autographs there—along with the newly appointed Face of Stark, teen supermodel sensation Nikki Howard.

How was Em to know that disaster would strike, changing her, and life as she'd known it, forever?

Editorial Review

From School Library Journal

Grade 7–9—Cabot delivers yet another fun and frothy piece of escapism in this far-fetched but rousing roller-coaster ride of a novel. The plot centers on a freak accident at the new Stark Megastore. Emma Watts has a huge plasma TV land on her just as Nikki Howard, supermodel and the Face of Stark, enters the store and suffers a brain aneurism. Stark, determined to keep their moneymaking "face" alive, embarks on a risky venture that they have been doing for years, unbeknownst to anyone else. Now Emma's brain is in Nikki's body and her life will never be the same. If Emma tells anyone, her family will be slapped with millions in medical bills. Cabot pulls readers in and makes them care about Emma, her family, her best friend, and her secret crush. No one in the cast is completely fleshed out but there is some character development. This book is sure to fly off the shelves and leave readers breathlessly awaiting the promised sequel.—*Shari Fesko, Southfield Public Library, MI*

From [Booklist](#)

Em is considerably more interested in playing computer games with her friend Christopher than in befriending the A-list girls who rule her high school. A freak accident mortally injures Em and leaves superstar model Nikki brain dead. After a transplant operation, Em wakes up in Nikki's body and learns that she must keep her identity a secret and live her life as Nikki. Readers who are willing to swallow the brain transplant idea will find that the rest of the story goes down easily enough; there's plenty to entertain readers with stars in their eyes as well as those who disdain the pop-culture glamour of Nikki's life. Besides the juxtaposition of Em's world with Nikki's, there are elements of humor and glimmers of compassion for the rich and famous in this first-person story. Toward the novel's end, "Nikki" enrolls in Em's old school. Can the girl inside that too-perfect body reconnect with the boy she secretly loves? Stay tuned. Grades 7-10. -- Carolyn Phelan

Review

Praise for the Airhead Trilogy:

New York Times Bestseller

Publishers Weekly Bestseller

*"[A] far-fetched but rousing roller-coaster ride of a novel . . . This book is sure to fly off the shelves."
School Library Journal, starred review

"Bag the tiara and get out the gun . . . Cabot delivers." *Publishers Weekly*

"[The] strong, amusing voice, the plot twists, and the possibility of romance will draw mystery and chick-lit readers alike." *Booklist*

"Em's witty character keeps this read both grounded and fun." *Kirkus Reviews*

Users Review

From reader reviews:

Gary Lewis:

What do you with regards to book? It is not important with you? Or just adding material when you really need something to explain what your own problem? How about your free time? Or are you busy man? If you don't have spare time to try and do others business, it is give you a sense of feeling bored faster. And you have free time? What did you do? Everybody has many questions above. They must answer that question due to the fact just their can do in which. It said that about publication. Book is familiar on every person. Yes, it is right. Because start from on kindergarten until university need this kind of Airhead to read.

Ellen Garcia:

People live in this new moment of lifestyle always attempt to and must have the spare time or they will get large amount of stress from both lifestyle and work. So , if we ask do people have extra time, we will say absolutely of course. People is human not just a robot. Then we inquire again, what kind of activity are there when the spare time coming to you actually of course your answer will probably unlimited right. Then ever try this one, reading textbooks. It can be your alternative in spending your spare time, the particular book you have read is definitely Airhead.

Edward Torres:

You are able to spend your free time to learn this book this reserve. This Airhead is simple to create you can read it in the area, in the beach, train along with soon. If you did not have got much space to bring typically the printed book, you can buy often the e-book. It is make you easier to read it. You can save the book in your smart phone. Consequently there are a lot of benefits that you will get when you buy this book.

Arturo McDaniel:

Some individuals said that they feel bored stiff when they reading a reserve. They are directly felt the idea when they get a half parts of the book. You can choose often the book Airhead to make your own reading is interesting. Your personal skill of reading proficiency is developing when you like reading. Try to choose straightforward book to make you enjoy to study it and mingle the idea about book and examining especially. It is to be initial opinion for you to like to open up a book and read it. Beside that the e-book Airhead can to be a newly purchased friend when you're truly feel alone and confuse in doing what must you're doing of the time.
