**Editorial Review**

From Publishers Weekly

Miami crime reporter Britt Montero (*Margin of Error*, etc.) endures a heat wave and much worse when some apparently unrelated stories converge. When a woman claims to Britt that she's a hit man's target, she's perceived at first as lonely, then as paranoid; a headless man smashes up a car during a shootout when his lifeless foot jams on the accelerator. That's all in a day's work for Britt, but then a female serial killer roars onto the scene. Keppie's M.O.: two shots delivered to near naked, post-coitus males, lipstick traces on exploding shells, stolen cars and purloined credit cards. Britt is on the story, and the pretty killer, enamored of her press clippings, takes an interest in the reporter. Who, not being one to turn down a chance at good copy, consents when the cops hatch a plan to catch Keppie by using Britt as bait. Of course, the plan goes awry and Britt finds herself in a car with the murderer and a frightened young boy, driving across the Sunshine State. In addition to winding up on the wrong end of a pistol-whipping from the slinky Keppie, Britt helplessly witnesses the killer practice her craft and gets caught up in a televised, O.J. Simpson-like car chase. Throughout, Buchanan sustains a feverish pace with hyper-fast cuts between major and minor plot lines. Although the resolution is relegated to an emotionless kind of narrative postscript, Keppie, a long-legged mankiller with a family secret and guile to spare, will easily command the attention of Buchanan's fans. Meanwhile, Britt herself, tough yet tender, remains a solid enough character to retain readers' interest despite the hyperbolic escapades Buchanan subjects her to in this over-the-top tale. (Nov.)

From Library Journal

After taking a break with *Pulse*, Miami crime reporter Britt Montero is back and she's hotter than ever! As usual, Britt is in the thick of things, sweltering during a Miami heatwave and chasing the usual suspects. But her most interesting assignment is about a mysterious woman who kills a sheriff in north Florida and then weaves a southerly track downstate toward Miami, leaving a trail of corpses in her wake. Each is found with his pants down. His genitals mutilated, shot with Black Talon bullets, and graced with traces of lipstick. She becomes the "Kiss-Me Killer." Britt's coverage of the murders attracts the attention of the killer, who contacts Britt and draws her into a dangerous cat-and-mouse game that could cost Britt her life. The usual cast of interesting side-kicks add to the fun. Britt's many fans will welcome this fresh installment in the series. Recommended for public libraries.

Miami reporter Britt Montero is preoccupied with tight deadlines, pressure from her editor for the big scoop, a boyfriend who might propose, and a former beauty queen who keeps phoning to say someone's trying to kill her. Then a story that could be her biggest news coup ever falls into Britt's lap. A beautiful but deadly serial killer has already murdered half a dozen men by seducing them, putting a bullet between their eyes, and then shooting their genitals off. The so-called Kiss Me Killer has eluded police so far. But in a bizarre twist, she phones Britt to promise an exclusive interview if Britt will meet her secretly. Britt notifies the cops, who set up an elaborate plan to capture the woman. Naturally, the plan fails, and Britt ends up as the killer's hostage during a gruesome and deadly murder spree, during which, ironically, the killer provides Britt with the promised interview. Britt gets her big story all right, but the price is far too high. Taut, terrifying, and suspenseful, Buchanan's hard-hitting novel takes this solid series to a new level. A four-star read from the former *Miami Herald* columnist. *Emily Melton*
