**Precalculus (New 1st Editions in Mathematics)** By Karla Neal, R. David Gustafson, Jeff Hughes

PRECALCULUS prepares learners for calculus and the rigors of that course, having been written by teachers who have taught the courses and seen where learners need help--and where other texts have come up short. The text features precise definitions and exposition, carefully crafted pedagogy, and a strong emphasis on algebraic, transcendental, and trigonometric functions. To show readers how important and relevant precalculus topics are to their future coursework, an optional Looking Ahead to Calculus feature appears in each chapter. The varied examples and exercises include many that encourage readers to use and understand graphs, as opposed to simply draw them, providing additional sound preparation for calculus.

### **Editorial Review**

#### **About the Author**

Karla Neal received two degrees in mathematics from Louisiana State University and has been an instructor in the department of Mathematics for 31 years. During that time, she has served as the coordinator for College Trigonometry for more than 15 years. She has received three campus-wide teaching awards, and has served as a faculty advisor for several Christian campus organizations. Karla is an avid fan of the LSU Tigers. When she is not on campus, she is very active in her church, Healing Place Church in Baton Rouge, and can often be found on the golf course. At home, there are two dogs, Winston and Josie, waiting patiently.

R. David Gustafson is Professor Emeritus of Mathematics at Rock Valley College in Illinois and has also taught extensively at Rockford College and Beloit College. He is coauthor of several best-selling mathematics textbooks, including Gustafson/Frisk/Hughes' COLLEGE ALGEBRA, Gustafson/Karr/Massey's BEGINNING ALGEBRA, INTERMEDIATE ALGEBRA, BEGINNING AND INTERMEDIATE ALGEBRA, BEGINNING AND INTERMEDIATE ALGEBRA: A COMBINED APPROACH, and the Tussy/Gustafson and Tussy/Gustafson/Koenig developmental mathematics series. His numerous professional honors include Rock Valley Teacher of the Year and Rockford's Outstanding Educator of the Year. He has been very active in AMATYC as a Midwest Vice-president and has been President of IMACC, AMATYC's Illinois affiliate. He earned a Master of Arts from Rockford College in Illinois, as well as a Master of Science from Northern Illinois University.

Jeff Hughes has taught the college algebra course continually for the past 20 years, and his firsthand experience with students lends itself to the innovative ideas he has brought to the text. He has led the way for the addition of the new features and the revised content in COLLEGE ALGEBRA, 10E. He teaches at Hinds Community College in Mississippi.

### **Users Review**

#### **From reader reviews:**

##### **Jon Farris:**

In this 21st hundred years, people become competitive in every way. By being competitive currently, people have do something to make all of them survives, being in the middle of often the crowded place and notice simply by surrounding. One thing that occasionally many people have underestimated that for a while is reading. Sure, by reading a reserve your ability to survive boost then having chance to stand than other is high. For you personally who want to start reading a new book, we give you this Precalculus (New 1st Editions in Mathematics) book as nice and daily reading guide. Why, because this book is more than just a book.

##### **Bryon Diaz:**

A lot of people always spent all their free time to vacation as well as go to the outside with them friends and family or their friend. Do you know? Many a lot of people spent they free time just watching TV, or maybe playing video games all day long. If you want to try to find a new activity that's look different you can read a

new book. It is really fun for yourself. If you enjoy the book that you just read you can spent all day every day to reading a reserve. The book Precalculus (New 1st Editions in Mathematics) it is very good to read. There are a lot of people who recommended this book. We were holding enjoying reading this book. If you did not have enough space to develop this book you can buy the actual e-book. You can m0ore very easily to read this book from the smart phone. The price is not too expensive but this book provides high quality.

#### **Antoinette Lefebre:**

Your reading 6th sense will not betray anyone, why because this Precalculus (New 1st Editions in Mathematics) publication written by well-known writer we are excited for well how to make book which might be understand by anyone who else read the book. Written throughout good manner for you, leaking every ideas and composing skill only for eliminate your current hunger then you still skepticism Precalculus (New 1st Editions in Mathematics) as good book but not only by the cover but also by the content. This is one reserve that can break don't determine book by its handle, so do you still needing a different sixth sense to pick that!? Oh come on your studying sixth sense already said so why you have to listening to another sixth sense.

#### **Robert Polk:**

The book untitled Precalculus (New 1st Editions in Mathematics) contain a lot of information on it. The writer explains your girlfriend idea with easy technique. The language is very straightforward all the people, so do certainly not worry, you can easy to read that. The book was written by famous author. The author gives you in the new period of time of literary works. You can easily read this book because you can please read on your smart phone, or product, so you can read the book in anywhere and anytime. In a situation you wish to purchase the e-book, you can open up their official web-site and also order it. Have a nice read.
