An Introduction to Classical Nahuatl By Michel Launey

Now available to an English-speaking audience, this book is a comprehensive grammar of classical Nahuatl, the literary language of the Aztecs. It offers students of Nahuatl a complete and clear treatment of the language's structure, grammar, and vocabulary. It is divided into 35 chapters, beginning with basic syntax and progressing gradually to more complex structures. Each grammatical concept is illustrated clearly with examples, exercises, and passages for translation. A key is provided to allow students to check their answers. By far the most approachable textbook of Nahuatl available, this book will be an excellent teaching tool both for classroom use and for readers pursuing independent study of the language. It will be an invaluable resource to anthropologists, ethnographers, historians, archaeologists, and linguists alike.

Editorial Review

Review

'An Introduction to Classical Nahuatl is an excellent language-learning textbook. Launey has written many articles about classical Nahuatl ... his expertise is evident in the details in each lesson. The textbook is very thorough in detailing classical Nahuatl grammar, and the examples and exercises are well-suited to reinforce concepts introduced in each lesson.' Dibella Wdzenczny, *Linguist List*
