## **Editorial Review**

### **From the Inside Flap**

This book expands on issues like fiscal sustainability, state enterprises and the variety of subsidies, with a multi-country focus. Drawing examples from numerous countries, it presents issues in contemporary finance and especially fiscal policy that can benefit researchers and civil servants from both developed, as well as developing worlds and emerging market economies.

Written in a simple and accessible manner, this book will be of interest to civil servants and practitioners. It also serves as a reference source for students and academics, and can be used as a text book for advanced courses on public finance.

### **About the Author**

Dr. Joshua Greene is a macroeconomist with a specialization in public finance, who has worked in both national and international organizations since 1976. Recently retired from the International Monetary Fund, where he served for 28 years, most recently as Deputy Director of the IMF-Singapore Regional Training Institute in Singapore, he has led a variety of courses in macroeconomics and public finance, both for university students and for officials from countries in Asia and the Pacific. Dr. Greene has served periodically as an adjunct or visiting professor at Singapore Management University in the Master's Program for Applied Economics and as a consultant for the Asian Development Bank and Bank Negara Malaysia. He has also taught macroeconomics at George Mason University in the United States. Dr. Greene has done research on a variety of subjects, including African debt, factors affecting private investment in developing countries, and the U.S. balance of payments. His work has been published in IMF Staff Papers, World Development, the Journal of African Finance and Economic Development, and other journals. He has a Ph.D. in economics and a law degree from the University of Michigan and an undergraduate degree from Princeton University.
