**Secularism and Freedom of Conscience** By Jocelyn Maclure, Charles Taylor

Jocelyn Maclure and Charles Taylor provide a clearly reasoned, articulate account of the two main principles of secularism—equal respect, and freedom of conscience—and argue that in our religiously diverse, politically interconnected world, secularism, properly understood, may offer the only path to religious and philosophical freedom.

### Editorial Review

#### Review

This little book is a philosophical novella whose greatest virtue is that it may actually be read by both religious thinkers and academic philosophers--two audiences of slight interaction--and perhaps even ignite a sustained dialogue between them. (Philip S. Gorski, Yale University)

Charles Taylor and Jocelyn Maclure elucidate the "constitutive principles" of secularism in this brief, well-structured, carefully argued work of philosophical analysis...Taylor and Maclure have written a sophisticated conceptual analysis. Not everyone will agree with all of their pronouncements, but their work certainly enhances one's understanding of the meaning and nature of secularism. (Graeme Voyer *Winnipeg Free Press* 2011-12-24)

Taylor and Maclure have collaborated to present a clear, compelling and common-sense analysis of the vexed issue of church and state in contemporary politics. They commend a "liberal-pluralist" approach to cultural difference. (Dennis O'Brien *America* 2012-03-26)

#### About the Author

Jocelyn Maclure is Professeur agrégé de philosophie at Université Laval.

Charles Taylor is Professor Emeritus in the Department of Philosophy at McGill University.

### Users Review

#### From reader reviews:

##### **Elnora Perry:**
