Editorial Review

From School Library Journal

Dyslexia describes what this learning disorder involves, offers theories on causes, and discusses diagnosis and getting help. Unlike most of the books on this topic for this audience, there are no personal stories. Pete Sanders and Steve Myers's *Dyslexia* (Copper Beech, 2001) uses the story technique. Both of the Silversteins' titles are concise with large print. Unfamiliar words are in a bold font that differs from the rest of the text and may be difficult for some children to read. Sidebars provide additional information. The sharp, color illustrations are a combination of well-placed photos, cartoons, and diagrams.

Users Review

From reader reviews:

Brian Crafton:

Hey guys, do you want to find a new book you just read? Maybe the book with the concept *Dyslexia (My Health)* suitable to you? The actual book was written by famous writer in this era. Typically the book titled *Dyslexia (My Health)* is the one of several books that will everyone read now. This book was inspired a lot of people in the world. When you read this e-book you will enter the new shape that you ever know prior to. The author explained their plan in the simple way, thus all of people can easily to know the core of this e-book. This book will give you a lot of information about this world now. To help you see the represented of the world within this book.

Lynn Jones:

Reading can be called imagination hangout, why? Because when you are reading a book especially book entitled *Dyslexia (My Health)* your brain will drift away through every dimension, wandering in most aspect that maybe unidentified for but surely can become your mind friends. Imaging each and every word written in a publication then become one form conclusion and explanation in which maybe you never get before. The *Dyslexia (My Health)* giving you another experience more than blown away your thoughts but also giving you useful facts for your better life on this era. So now let us present to you the relaxing pattern this is your body and mind is going to be pleased when you are finished reading through it, like winning a sport. Do you want to try this extraordinary paying spare time activity?

Joseph Boyd:

Your reading sixth sense will not betray you actually, why because this *Dyslexia (My Health)* e-book written by well-known writer whose to say well how to make book which can be understood by anyone who have read the book. Written inside good manner for you, leaking every ideas and publishing skill only for eliminate your personal hunger then you still skepticism *Dyslexia (My Health)* as good book not merely by

the cover but also with the content. This is one reserve that can break don't judge book by its deal with, so do you still needing another sixth sense to pick this particular!? Oh come on your studying sixth sense already told you so why you have to listening to an additional sixth sense.

John Hayes:

Many people spending their period by playing outside with friends, fun activity along with family or just watching TV the whole day. You can have new activity to shell out your whole day by reading through a book. Ugh, think reading a book can actually hard because you have to take the book everywhere? It okay you can have the e-book, having everywhere you want in your Mobile phone. Like Dyslexia (My Health) which is keeping the e-book version. So , try out this book? Let's notice.
