Editorial Review

From Publishers Weekly

Starred Review. Dooley, already a well-established speaker in his own right, broadened his profile as one of the teachers in the DVD and book phenomenon *The Secret*. Dooley's audios, first created by his motivational company, Totally Unique Thoughts, have begun to make their way into the mainstream trade publishing arena. In this particular seminar—recorded at a Unity church in Raleigh, N.C.—Dooley challenges listeners to harness the world around them as a force for positive change. Dooley emphasizes the importance of mastering thoughts and beliefs, though he also warns against fixating on self-analysis at the expense of old-fashioned determination. The only place the ship of your dreams will never find you is sitting at home waiting for it, he exhorts his audience. Dooley embraces spiritual concepts that fall into New Age categories, but he manages to eschew the ethereal trappings of a guru. Instead, he projects the easygoing stance of a pleasant and engaging 40ish businessman with whom one can easily imagine enjoying a beer or two. (Feb.) Review

“A fabulous book! Mike has been in the trenches with his dreams dashed, and yet he came back. This book tells how he did it and how anyone can do it. I highly recommend *Leveraging the Universe*. It’s instructional and inspiring!”

—**Marci Schimoff**, author of *Happy for No Reason* and *Chicken Soup for the Woman’s Soul*

From the Author

When it comes to living the life of one's dreams, there are those who think they must go it alone; that they must be the early bird, know all the right people, and succeed by the sweat of their brow - and they carry the weight of the world on their shoulders.

Then there are those who have read all the books, done all the workshops, and concluded that it's simply a matter of surrendering to a loving, conspiring Universe so that their life might be transformed by its magic - and they silently wonder why it hasn't.

The truth is, neither are we alone, nor is knowing about the Universe and its magic enough to manifest change. The first conclusion is as self-sabotaging as it is sad, and the second is a bit like knowing exactly where the secret treasure is buried, yet never bothering to dig for it. Instead, the trick lies in knowing the difference between what one can, should and must do, versus what one can, should and must delegate to an all wise and capable Universe. Our part is the easy part.

We need only provide the spark to light the Universe's fire; to hoist up our sails so that they can be filled with its magical winds. Yet without offering these token efforts, without assisting in these modest ways, not only do we contradict our wish to live as fully as possible, but we slide ever further away from an infinite grace that tirelessly strives to sweep us off our feet, surround us with friends, and create the life we most want.

Leveraging the Universe: 7 Steps to Engaging Life's Magic is about using the gifts of thought, word, and deed to harness this grace. It's about doing the least to get the most. Learning what "the truth" is, and how to live it, so that the kingdom, the power, and the glory can be revealed before your very eyes, as you discover your holy place in creation - as a creator, yourself.

Slayer of dragons, matador of time and space, rightful heir to heaven on earth, it's time to be living the life of your dreams.

Your great admirer,
Mike
