The Heights: Anatomy of a Skyscraper By Kate Ascher

A gorgeous graphic tour of the inner workings of skyscrapers—from the author of *The Works*

Indispensable and unforgettable, *The Heights* is the ultimate guide to the way skyscrapers work—from the bases of their foundations to the peaks of their spires. With skyscrapers becoming essential elements of urban life, there has never been a greater need for understanding and embracing these complex structures. Using innovative illustrations to tackle the vast complexity of these buildings, *The Heights* explores with remarkable insight every aspect of designing, building, and maintaining a modern skyscraper, as well as the individuals who build and maintain these architectural cathedrals. In the process, *The Heights* provides a remarkable snapshot of urban life at the dawn of the twenty-first century.
