Did Muhammad Exist?: An Inquiry Into Islam's Obscure Origins By Robert Spencer

Everything you thought you knew about Islam is about to change

This stunning book uncovers provocative evidence that forces us to ask: Did Muhammad, Islam's founding prophet, even exist?

It is a question that few have thought—or dared—to ask. But the widely accepted story of Islam's origins begins to crumble on close examination.

In *Did Muhammad Exist?* bestselling author Robert Spencer brings to early Islam the same level of probing historical criticism scholars have long applied to Christianity and Judaism. Meticulously examining historical records, archaeological findings, and pioneering new scholarship, Spencer challenges the most fundamental assumptions about Islam's origins—raising questions with profound implications for our world today.
