**Let's Explore Diabetes with Owls** By David Sedaris

**"Sedaris is a remarkably skilled storyteller and savvy essayist....And based, on this latest collection, he's getting only better." ---Los Angeles Times**

*A guy walks into a bar car and...*

From here the story could take many turns. When the guy is David Sedaris, the possibilities are endless, but the result is always the same: he will both delight you with twists of humor and intelligence and leave you deeply moved.

Sedaris remembers his father's dinnertime attire (shirtsleeves and underpants), his first colonoscopy (remarkably pleasant), and the time he considered buying the skeleton of a murdered Pygmy. The common thread? Sedaris masterfully turns each essay into a love story: how it feels to be in a relationship where one loves and is loved over many years, what it means to be part of a family, and how it's possible, through all of life's absurdities, to grow to love oneself.

With LET'S EXPLORE DIABETES WITH OWLS, David Sedaris shows once again why he is widely considered the "the funniest writer in America" (*O, the Oprah Magazine*).

## Editorial Review

Amazon.com Review

**An Amazon Best Book of the Month, April 2013:** If you've read any of David Sedaris's previous works, you know what you're in for with his latest book *Let's Explore Diabetes with Owls*. Sedaris is an author who has no legitimate reason to change his approach to writing--he's taken the snarky, sometimes crude, often hilarious, ultimately thought-provoking personal essay to the level of mastery. One could easily argue that he's set the bar for observational comedy, and for that reason alone fans new and old will make each book he writes a publishing sensation. --Chris Schlupe

From [Booklist](#)

Following his foray into animal fables, *Squirrel Seeks Chipmunk* (2010), Sedaris returns to his signature form, the eviscerating comic essay. He draws on a seemingly bottomless well of appalling childhood memories revolving around his mounting fears about being unlike other boys. There's a stinging account of swimming competitions during which his irascible father vociferously championed his son's rival, a courageously candid tale of his courtship of a shy African American girl, and an unnerving confession of his inept handling of captured baby sea turtles. Moving on to more worldly episodes, Sedaris recalls encounters with strangers on trains and offers hilarious perspectives on French health care and shopping at Costco. An acute observer and master of the quick, excoriating takedown, Sedaris claims new territory in this exceptionally gutsy and unnerving collection, creating dark and mischievous monologues in other voices, such as the brilliantly vicious "Just a Quick E-Mail" and an alarming rant by a Christian fascist. Sedaris casts penetrating light on a world of cruelty, inanity, and absurdity that is barely but surely redeemed by humor and love. HIGH-DEMAND BACKSTORY: Sedaris-mania knows no bounds, and with a 20-city author tour and all-out media campaign, this will be a red-hot title. --Donna Seaman

Review

"Deeply satisfying.... Sedaris can bring to mind Anthony Trollope, P.G. Wodehouse, Alice Munro, and Woody Allen, sometimes in the same paragraph."

--David Carr, *New York Times Book Review*

"Quintessential Sedaris....Essays on everything from air travel to today's child-rearing techniques by a writer who's a master of pointing out the absurd in everyday life."

---Craig Wilson, *USA Today*

"Sedaris is a remarkably skilled storyteller and savvy essayist. He weaves together vivid images and sensations into a coherent whole that packs a serious emotional punch....Yes, David Sedaris is really that good. And based, on this latest collection, he's getting only better."

---Heather Havrilesky, *Los Angeles Times*

"Artfully milked embarrassing personal incidents for literary laughs...There are plenty of well-cut gems, including one about an ill-fated adoption of some sea turtles that's both hilarious and touching."

---Thom Geier, *Entertainment Weekly*

"The funniest writer in America....Sedaris is thoughtful and sweet in addition to being slyly hilarious."

---Leigh Haber, *O, the Oprah Magazine*

"David Sedaris has become a signifier of taste and intelligence....*Let's Explore Diabetes with Owls* was the

kind of book that I finished and just immediately wanted to start reading again."

---Anna Peele, *Esquire*

"Fresh....funny, whimsical, unexpected, and never obvious....Who would anticipate that an encounter with an Australian bird could be so damn touching?"

---Sherryl Connelly, *New York Daily News*

"Ridiculously funny....A find for the reader who appreciates a sense of humor....Sedaris, like the great humorists before him, hits a nerve with his wit, which brings the reader into intimate contact with the human condition."

---John Henry, *Fort Worth Star-Telegram*

"An acute observer and master of the quick, excoriating takedown, Sedaris claims new territory in this exceptionally gutsy and unnerving collection."

---Donna Seaman, *Booklist*

## **Users Review**

### **From reader reviews:**

#### **Galen Dent:**

What do you with regards to book? It is not important together with you? Or just adding material when you want something to explain what the one you have problem? How about your time?
