**The Silver Gryphon (Mage Wars Book 3)** By Mercedes Lackey, Larry Dixon

A dozen years of peace have passed in the city of White Gryphon - providing well deserved and much needed security for the people who had lost their homes in the magical Cataclysm which killed the Mage Urtho, creator of the gryphons. But the inhabitants of White Gryphon have not forgotten their long struggles, and have trained an elite guard force, the Silver Gryphons, to protect their city, and if necessary, to join with the army of the Black Kings for mutual defense.

### Editorial Review

From School Library Journal

YA?In Book Three of "The Mage Wars" series, readers find the city of White Gryphon at peace. The warriors of the Cataclysm have settled into a comfortable and secure life within the city gates. But, there are other worlds to explore outside the haven of White Gryphon. Silverblade, a human, and Tadrith, a gryphon, complete rigorous training and are sent on their first solo mission to guard a remote outpost, where they encounter dangers and unknown evil. Using the skills learned in training and the tools at hand, Blade and Tad defeat their enemies and win the admiration of their parents. More importantly they learn to trust in themselves and one another when threatened. Even without having read *The Black Gryphon* (1994) and *The White Gryphon* (1995, both DAW), YAs will enjoy this story. There is enough explanation and background given to understand the history behind the setting and characters.?Beth Devers, Fairfax County Public Library, VA

From Kirkus Reviews

Third in the Mage Wars trilogy from the wife and husband team. Twelve peaceful years have passed since the action of *The White Gryphon* (1995), while Skandranon the Black Gryphon and Amberdrake the Healer settle down into comfortable middle age. An elite warrior force, the Silver Gryphons, has been formed to protect the city--a force that Skandranon's son Tad and Amberdrake's daughter Blade, sowing rebellious streaks, have joined. Following two long, hard years of training, Tad and Blade are given the difficult assignment of occupying a remote guard post reachable only across miles of unknown territory. On the way, a strange force drains Tad's magic powers. So, alone, injured, and desperate, Tad and Blade find themselves beset by Wyrsa, dreadful mage-created hybrid creatures who have the power to absorb magic. Standard fare for series regulars. -- *Copyright ©1996, Kirkus Associates, LP. All rights reserved.*
