Dangerous Tides (Drake Sisters, Book 4) By Christine Feehan

Dr. Libby Drake is sensible and practical. To her more adventurous sisters, she's always been the "good girl." Certainly not the kind to attract the attention of a genius like Ty Derrick—until a tragic accident leaves the handsome biochemist at her mercy.

Acting on her uncanny ability to heal, she stirs in the reawakened Ty his own long-suppressed desires for the woman who saved his life. But he's not the only man with designs on Libby Drake. Her miraculous and selfless power has also captured the attention of a dangerously influential admirer. He's pursuing the elementally gifted beauty for his own wicked purpose. And he's willing to go to deadly lengths to make it happen.

Editorial Review

From [Booklist](#)

Dr. Libby Drake is the "good girl" of seven sisters, never living dangerously. She has the gift of healing but also uses her brilliant mind and physician's training to help others. When one of her teenage patients winds up at the bottom of a cliff, he is rescued by the fire department via helicopter. Ty Derrick, brilliant biochemist and part-time rescue worker, receives mortal injuries when his harness fails. He has always fascinated Libby, and she uses all her energy and healing power to save him. Sparks fly since Ty has always had a crush on Libby, but someone is out to get them. Was Ty's fall an accident? Is a reputed mobster trying to kill her? Who snapped photos of Libby and Ty making love and sold them to the tabloids? The latest of Feehan's tales of the seven magically gifted Drake sisters offers a tempting blend of paranormal romance and mystery. *Diana Tixier Herald*

About the Author

I live in the beautiful mountains of Lake County, California. I have always loved hiking, camping, rafting and being outdoors. I've also been involved in the martial arts for years—I hold a third degree black belt, instruct in a Korean karate system, and have taught self-defense. I am happily married to a romantic man who often inspires me with his thoughtfulness. We have a yours, mine, and ours family, claiming eleven children as our own. I have always written books, forcing my ten sisters to read every word, and now my daughters read and help me edit my manuscripts. It is fun to take all the research I have done on wild animals, raptors, vampires, weather, and volcanoes and put it together with romance.
