Fluid Mechanics Plus MasteringEngineering with Pearson eText -- Access Card Package By Russell C. Hibbeler

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--

Fluid Mechanics is intended for use in Fluid Mechanics courses found in Civil and Environmental, General Engineering, and Engineering Technology and Industrial Management departments. It also serves as a suitable reference and introduction to Fluid Mechanics principles.

Fluid Mechanics provides a comprehensive and well-illustrated introduction to the theory and application of Fluid Mechanics. The text presents a commitment to the development of student problem-solving skills and features many of the same pedagogical aids unique to Hibbeler texts.

MasteringEngineering for *Fluid Mechanics* is a total learning package that is designed to improve results through personalized learning. This innovative online program emulates the instructor's office—hour environment, guiding students through engineering concepts from *Fluid Mechanics* with self-paced individualized coaching.

Teaching and Learning Experience

This program will provide a better teaching and learning experience—for you and your students. It provides:

- **Individualized Coaching:** MasteringEngineering provides students with wrong-answer specific feedback and hints as they work through tutorial homework problems.
- **Problem Solving:** A large variety of problem types stress practical, realistic situations encountered in professional practice, with varying levels of difficulty.
- **Visualization:** The photos are designed to help students visualize difficult concepts.
- **Review and Student Support:** A thorough end-of-chapter review provides students with a concise reviewing tool.
- **Accuracy Checking:** The accuracy of the text and problem solutions has been thoroughly checked by other parties.
- **Alternative Coverage:** After covering the basic principles in Chapters 1-6, the remaining chapters may be presented in any sequence, without the loss of continuity.

Note: ISBN-10: 0133770001 /ISBN-13: 9780133770001 package contains both the physical text ISBN-10: 0132777622 /ISBN-13: 9780132777629 and MasteringEngineering ISBN-10: 0133820807 /ISBN-13: 9780133820805. MasteringEngineering is not a self-paced technology and should only be purchased when required by an instructor.

Editorial Review

Users Review

From reader reviews:

Bryan Donovan:

As people who live in the modest era should be update about what going on or data even knowledge to make all of them keep up with the era and that is always change and move ahead. Some of you maybe may update themselves by studying books. It is a good choice for you personally but the problems coming to you is you don't know which you should start with. This Fluid Mechanics Plus MasteringEngineering with Pearson eText -- Access Card Package is our recommendation so you keep up with the world. Why, as this book serves what you want and need in this era.

Ruth Morefield:

This book untitled Fluid Mechanics Plus MasteringEngineering with Pearson eText -- Access Card Package to be one of several books this best seller in this year, that is because when you read this book you can get a lot of benefit onto it. You will easily to buy this particular book in the book retail store or you can order it by using online. The publisher of this book sells the e-book too. It makes you more easily to read this book, since you can read this book in your Touch screen phone. So there is no reason to you personally to past this publication from your list.

Margarita Culbertson:

The reason why? Because this Fluid Mechanics Plus MasteringEngineering with Pearson eText -- Access Card Package is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will jolt you with the secret the item inside. Reading this book adjacent to it was fantastic author who write the book in such wonderful way makes the content inside of easier to understand, entertaining means but still convey the meaning completely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of rewards than the other book have such as help improving your expertise and your critical thinking means. So , still want to delay having that book? If I were you I will go to the e-book store hurriedly.

Mildred Shaw:

On this era which is the greater man or woman or who has ability to do something more are more precious than other. Do you want to become one among it? It is just simple solution to have that. What you are related is just spending your time very little but quite enough to get a look at some books. One of the books in the top record in your reading list is actually Fluid Mechanics Plus MasteringEngineering with Pearson eText --

Access Card Package. This book and that is qualified as The Hungry Hillside can get you closer in growing to be precious person. By looking upwards and review this guide you can get many advantages.
