How to Run a Country: An Ancient Guide for Modern Leaders By Marcus Tullius Cicero

Marcus Cicero, Rome's greatest statesman and orator, was elected to the Roman Republic's highest office at a time when his beloved country was threatened by power-hungry politicians, dire economic troubles, foreign turmoil, and political parties that refused to work together. Sound familiar? Cicero's letters, speeches, and other writings are filled with timeless wisdom and practical insight about how to solve these and other problems of leadership and politics. *How to Run a Country* collects the best of these writings to provide an entertaining, common sense guide for modern leaders and citizens. This brief book, a sequel to *How to Win an Election*, gathers Cicero's most perceptive thoughts on topics such as leadership, corruption, the balance of power, taxes, war, immigration, and the importance of compromise. These writings have influenced great leaders--including America's Founding Fathers--for two thousand years, and they are just as instructive today as when they were first written.

Organized by topic and featuring lively new translations, the book also includes an introduction, headnotes, a glossary, suggestions for further reading, and an appendix containing the original Latin texts. The result is an enlightening introduction to some of the most enduring political wisdom of all time.

Editorial Review

Review

"Edited by Philip Freeman, *How to Run a Country* is a brief introduction to Cicero's political philosophy. . . . [I]t contains--in English and Latin--fragments from Cicero's books and speeches, as well as letters to friends and colleagues. . . . [Cicero's] views on war and immigration will strike many readers as modern and sane."--**Richard King, *Australian***

"[A] delightful little book."--**John Wilson, *Christianity Today***

"[Freeman's] book is a collection of tidbits, of course, but if it sends its readers on a journey into Cicero's world it will have achieved Freeman's main purpose: the creation of citizen-readers who are a little bit more thoughtful about politics than they were before."--**Brett Evans, *Inside Story***

"Freeman frees the material from its context, selecting excerpts whose content is thought provoking on its own terms, and which demonstrate Cicero's outlook as a thinker in general. Freeman's book is an entry-point, an introduction; while it is simply too short . . . to provide much traction for students in a typical college course, I certainly hope it will be successful in introducing Cicero to a wider audience."--**Joanna Kenty, *Bryn Mawr Classical Review***

"Organized by topic and featuring lively new translations, the book also includes an introduction, head notes, a glossary, and suggestions for further reading. The result is an enlightening introduction to some of the most enduring political wisdom of all time."--**World Book Industry**

From the Back Cover

"*How to Win an Election* was a delight--and *How to Run a Country* is even better. Cicero's acute observations about how to govern will resonate with everyone who recognizes that the tribalism, ideological extremism, and coarsened culture of politics today urgently need to change."--**Norman J. Ornstein, coauthor of *It's Even Worse Than It Looks***

"Cicero's words live forever. In these carefully chosen and well-translated selections on leadership, classicist Philip Freeman offers an astute introduction to one of history's noblest minds."--**Barry Strauss, author of *Masters of Command: Alexander, Hannibal, Caesar, and the Genius of Leadership***

About the Author

Philip Freeman is the editor and translator of "How to Win an Election: An Ancient Guide for Modern Politicians" (Princeton) and the author of "Oh My Gods: A Modern Retelling of Greek and Roman Myths," "Alexander the Great," and "Julius Caesar" (all Simon & Schuster). He received his PhD from Harvard University and holds the Qualley Chair of Classical Languages at Luther College in Decorah, Iowa.

Users Review

From reader reviews:

Leona Ferretti:
