Medieval Europe: A Short History By Charles Warren Hollister

Marked by C. Warren Hollister's clear historical vision and engaging teaching style, this classic text has been judiciously revised by Judith Bennett; the tenth edition includes greater coverage of Byzantium and Islam, a revised map program, a new essay program on medieval myths, and more. In his preface to the eighth edition, Professor Hollister wrote of his realization, while in college, that our world today "is a product of the medieval past." *Medieval Europe* introduces today's students to the medieval roots of our own society.
