Concealed in Death By J. D. Robb

Lieutenant Eve Dallas uncovers a conspiracy when she investigates the murders of some of New York City's troubled youth in this thriller in the #1 *New York Times* bestselling *In Death* series.

Leading the demolition of a long-empty New York building that once housed a makeshift shelter for troubled teenagers, Lieutenant Eve Dallas's husband uncovers two skeletons wrapped in plastic. And by the time Eve's done with the crime scene, there are twelve murders to be solved.

The victims are all young girls. A tattooed tough girl who dealt in illegal drugs. The runaway daughter of a pair of well-to-do doctors. They all had their stories. And they all lost their chance for a better life.

Then Eve discovers a connection between the victims and someone she knows. And she grows even more determined to reveal the secrets of the place that was called The Sanctuary—and the evil concealed in one human heart.

The rundown building has good bones. That is exactly why Roarke bought it. The problem is the building has some real bones in it as well. While breaking through an interior wall to kick off the renovation, Roarke discovers bones wrapped in plastic. A quick call to his wife, Lieutenant Eve Dallas of the New York Police and Security Department, brings Eve and her team to the site. Eventually, 12 bodies are found in the building. With the help of the department's new forensic anthropologist, Eve is able to pinpoint the time of the murders to 15 years earlier when the building served as the Sanctuary, a shelter for troubled and/or homeless teens. When Eve begins tracing the lives of each of the young girls who died there, she not only finds herself tracking a killer, but she also discovers a startling connection between the crimes and someone in her own life. The latest nail-biting installment in Robb's long-running Eve Dallas series features the same skillfully drawn characters and masterful way with suspense that have ensnared readers since *Naked in Death* (1995). --John Charles
