"Over the years I've found Jim's advice on his blog and other books to be sound, practical, and budget-friendly. This book continues that same down-to-earth tradition and is an enjoyable read. "The depth of information that is covered in this book is incredible as is the unique way that the author makes us really think about ideas, situations and resources that are mostly overlooked in the usual short-term survival planning resources. ...This book belongs in the hands of anyone who is concerned with a long-term disruption in society as we know it today. It's practical, common sense approach makes it a valuable asset to all those who wish to not only be prepared, but for those who want to thrive." -- George Romano, Simpler Times Homestead (SimplerTimesHomestead.blogpost.com)

"I'm a big fan of Jim's other book, The Prepper's Complete Book of Disaster Readiness. The advice is practical and Jim writes in an easy-to-follow, chattin'-with-a-friend style. Prepper's Long-Term Survival Guide is no different--another good book with good advice from someone you'd probably consider a good friend." -- Julie Sczerbinski, Home Ready Home (HomeReadyHome.com)
