The Pine Barrens, Special Edition By John McPhee

Many people think of New Jersey as a suburban industrial corridor between New York and Philadelphia. Yet in the low center of the state is a region of vast forests and sandy soil, an area larger than most national parks, that has been known since the seventeenth century as the Pine Barrens. John McPhee's classic portrait of this quiet area is reprinted here with the addition of photographs by Bill Curtsinger, who hiked, paddled and drove his way through four seasons in the pines.
