Gr. 6-9. The third book in Warriors: The New Prophecy series finds the four clans being driven from their territories as the "Twolegs" relentlessly denude the forest with their huge machines. The small band of cats that undertook a quest for the StarClan returns home with a new mission: to persuade all the clans to unify for a long, dangerous journey to a new home. The feline characters remain true to their natures, and, as expected, the danger level is high. Fans will relish this eminently satisfying episode in a series rooted in Hunter's first Warriors novel, *Into the Wild* (2002). *Sally Estes*
