Editorial Review

Review

“Many people in Britain today are unaware of this side of Hogarth’s genius, but Elizabeth Einberg’s magnificent catalogue raisonne of his paintings should change all that. It is the result of decades of research and reflection, and reveals that this physically short and even more short-tempered artist was one of the finest painters this country ever produced.”—Robin Simon, *Literary Review*, 1st February 2017.

“Einberg’s catalogue, very thoroughly researched and nearly twenty years in the making, is an immensely valuable publication, especially valuable perhaps for the excellent reproductions it contains of all of Hogarth’s portraits.”—John Barrell, *LRB*

(John Barrell *London Review of Books* 2017-02-10)

“Einberg’s catalogue raisonnée presents all of Hogarth’s paintings in chronological order. The portraits and history paintings mingle with the more famous satires. Each picture receives a capsule essay of similar length, regardless of genre. Every essay is a marvel of scholarly concision and biographical context.”—Dominic Green, *New Criterion*
