How to Pass as Human By Nic Kelman

How to Pass as Human is an attempt on the part of the world's first android to understand the irrational, unpredictable, eclectic creatures known as human beings. Written in the form of a field guide, complete with sketches, graphs, flowcharts, and other reference materials, Android Zero (aka "Zach") has compiled a variety of useful information for future androids on how to pass undetected as human beings. Along the way, he also attempts to solve the mystery of his own creation with the help of Andrea, a human female who has taken an interest in him that may be more than friendly, and eventually leading him to "meet his maker" and discover the surprising purpose of his existence.
