The Bilingual Courtroom: Court Interpreters in the Judicial Process (With a New Chapter) By Susan Berk-Seligson

Drawing on more than one hundred hours of taped recordings of Spanish/English court proceedings in federal, state, and municipal courts—along with extensive psycholinguistic research using translated testimony and mock jurors—Susan Berk-Seligson's seminal book presents a systematic study of court interpreters, and raises some alarming, vitally important concerns: contrary to the assumption that interpreters do not affect the contents of court proceedings, they could potentially make the difference between a defendant being found guilty or innocent of a crime.

Editorial Review

From the Inside Flap

Winner of the British Association for Applied Linguistics' annual award for Outstanding Book in the Field of Applied Linguistics

Drawing on more than one hundred hours of taped recordings of Spanish and English court proceedings- along with extensive psycholinguistic research using translated testimony and mock jurors-Susan Berk-Seligson's seminal book presents a systematic study of court interpreting issues. Now with a new chapter, it continues to raise some alarming concerns around a crucial point: contrary to the assumption that interpreters do not affect the outcomes of court proceedings, they potentially can make the difference between a defendant being found guilty or innocent of a crime.

About the Author

Susan Berk-Seligson is an associate professor of Hispanic linguistics at the University of Pittsburgh.

Users Review
