### Tokio Hotel Fever By Beatrice Nouveau

Tokio Hotel — twin brothers Bill (vocalist) and Tom (guitarist) Kaulitz, drummer Gustav Schäfer, and bassist Georg Listing — were already multi-platinum-selling superstars in their native Germany when they decided to take the rest of the world by storm. Tokio Hotel translated their two albums from German and found English-speaking audiences just as receptive to their alt-rock music, moving lyrics, and distinct visual style as European fans are, with *Scream* going platinum. In addition to a nomination for Best Pop Video for “Ready Set Go!” the band won the MTV Video Music Award for Best New Artist in 2008 (beating Miley Cyrus, Katy Perry, and Taylor Swift) and hit the road, touring America and winning over the hearts of audiences. In October 2009, their third album, *Humanoid* (Universal), was released simultaneously in German and English. Already a bestselling book in Europe and available for the first time in English, Béatrice Nouveau’s *Tokio Hotel Fever* is a full-colour tribute to Bill, Tom, Gustav, and Georg, featuring stunning photos of the band — in performance, off stage, and as children — and all the details on their early days, their musical and style influences, their love for their devoted legions of fans, as well as updates on their new album and tour.

The Tokio Hotel fever is infecting the planet, after sweeping across Europe. It's a phenomenon that no music industry insider predicted, and for good reason: there's nothing obvious that makes these rockers stand out from so many other current groups. What makes them different? There are four of them like the Beatles, The Who, Led Zeppelin, System of a Down, and Metallica. They were friends growing up together, like many popular groups. Bill and Tom are brothers, as are the Youngs of AC/DC and the Gallaghers of Oasis. What's more, they're twins — just like the Bee Gees, The Proclaimers, and Good Charlotte. So, what does Tokio Hotel have that is so special?

Simply, their identity. These young men from Magdeburg, Germany, have learned how to express their music, their style, their lyrics . . . in their own language. And then they went on to captivate non-German speaking countries. That is their strength and their greatest talent. Not so long ago, German rock with an edge of electro-punk, such as Tangerine Dream, Faust, or Can, was scorned and labeled "krautrock" or "sauerkraut rock." Most people would agree that German is not the most melodious language. Even Mozart admitted it. But Tokio Hotel has combined the formality of their native tongue with their own sound, which is both supple and powerful, and further softened by the young-sounding voice of the very androgynous Bill.

Captivated by Tokio Hotel's lyrics, the public was soon won over and the band bid *Auf Wiedersehen* to empty German concert halls. They use simple words, from the heart, that deal with adolescent anxieties: love, sex, breaking up, suicide . . . universal themes that cross all barriers. That is another reason for the group's success: everyone can identify with these four young musicians. They speak directly to a whole generation of teenagers, who feel alone and misunderstood as they start off in life. At the age of 24, a young German named Goethe wrote *The Sorrows of Young Werther*, which would initiate a feverish wave of Romanticism across Europe. And he confided, "The effect of this small book was huge, even monstrous, particularly because it happened just at the right time." Tokio Hotel has hit at just the right moment and are poised to enter the realm of legend. . . .
