Chronicles In History: Windows Into the Future By Timothy M Powers

Through the writings of Tim Powers, you will discover not only what true patriotism is, but just how deep the corruption of our government really runs. I became familiar with Tim through his writings for the Western Center of Journalism and have been a true follower ever since. He has a distinct talent for not only bringing to light the truth, but being able to keep you on the edge of your seat while so eloquently displaying facts that will make you take a second look at the powers that are truly controlling America. You will discover things that you thought were unimaginable and only possible in a blockbuster spy movie. Tim's familiarity and knowledge of the absolute corruption that has gripped our nation is unmistakable, and after reading this book, you'll find out that it is undeniable.

Editorial Review

About the Author

Tim has lit the torch that lights the way for all Americans to come together and become what we once were: a God-fearing nation that is often a star that lights up the dark skies. His patriotism has a contagion that can't be resisted once you become familiar with the facts that are being laid out in front of you, and it is an absolute honor to call Tim Powers not only my friend, but my mentor. I am sure you will feel the same way after reading his writings, and you will be prepared to help carry the torch that lights our way back to true freedom.
