Editorial Review

From School Library Journal

Grade 4-8-In this second book in the series, Soren and his band of owls have escaped the St. Aegolius Academy for Orphaned Owls and go in search of the mythical Great Ga'Hoole Tree. When they finally arrive at the tree, they find themselves in a Hogwarts-like school where owls are divided into "chaws," or small teams, that focus on particular skills such as navigation or search and rescue. By the end of the book, Soren has learned the fate of his lost sister, discovered that he has some unique powers, and has lost his new mentor, leaving things wide open for the next installment. The story flows nicely and has a certain appeal that carries readers along, despite the sometimes-jarring addition of unnecessary owl poetry. Lasky's fully realized world is full of traditions based on the actual habits of owls, but this is still a world in which owls can read and write. Fantasy readers will enjoy the adventure, but the book will appeal mainly to fans of the first volume in the series.

Review

"The rescue of Soren's deeply troubled younger sister caps a book hallmarked by adventure, mystery, and some pretty terrible poetry put forward as owl songs. The world building is excellent, with a few intriguing hints that it might take place on a post-Holocaust Earth, and the characterization is solid. The owls are unique and complex, with conflicting feelings and just the right mix of seriousness and fun." VOYA

About the Author

Kathryn Lasky has long had a fascination with owls. This led her to research their life and behaviour, thinking that she would write a non-fiction book about owls to be illustrated with her husband's photographs. She soon realised, though, that this would be rather difficult since owls are shy and nocturnal creatures - so she wrote a fantasy series about them instead.
