**Individuation and Narcissism: The Psychology of Self in Jung and Kohut** By Mario Jacoby

Recent developments in Freudian psychoanalysis, particularly the work of Kohut and Winnicott, have led to a convergence with the Jungian position. In *Individuation and Narcissism* leading Jungian analyst Mario Jacoby attempts to overcome the doctrinal differences between the different schools of depth psychology, while taking into account the characteristic approaches of each. Through a close examination of the actual experience of self, the process of individuation, narcissism and narcissistic personality disorder, the author demonstrates the benefits of a cross-fertilization of ideas and techniques for the professional analyst.
